FAVOURITES

7 artists and their muse

How are artists inspired by their favourite muse? From October 22, 2017, this can be seen at the gallery of MooiMan male art which reopened after a 4 month renovation due to earthquake damage. We would like to invite you to the grand opening on Sunday, October 22, 2017 at 4 pm. Preview from 15.00. An great part of the artists will be present. The opening will be performed by André van de Nadort, old mayor of Ten Boer, one of the most affected areas in the province of Groningen.

Seven artists show their favorite muse in the form of paintings, photography and sculptures. Is it the temptation, emotion, passion, power and beauty of the overwhelming male body that intrigues them in these creative efforts? Each artist specifically tells what makes his muse so special, where this amazement comes from and how the muse returns as a source of inspiration in the oeuvre. We hereby welcome two new artists from France and Belgium.
